

BLVD KIDS BIRTHDAY CELEBRATIONS!

Why should grown ups have all the fun? Our hands-on cooking parties for ages **9** and up are perfect for beginning and experienced young bakers and chefs. As with our adult cooking parties, we bring these events to your place, complete with the chef, assistant, and all the ingredients and equipment you'll need. Our team handles set up and cooking clean up, too!

CUPCAKE BOSS!

Your guests will mix, scoop and bake our famous vanilla cupcakes, 100% from scratch, and make fantastic buttercream frosting to top them with. Then they'll dive into an astonishing array of sprinkles and toppings to create the cupcakes of their dreams. Add a competition twist, or just enjoy the day baking like a pro.

MAKE ROOM FOR MEATBALLS!

Kids love spaghetti, and they'll be astonished at how fun and easy it is to roll their own handmade meatballs and make zesty tomato basil marinara sauce from scratch. We provide our famous garlic bread and Caesar salad to go with their entrée. Take it over the top and add a spectacular ice cream sundae bar for dessert! (+\$10/guest)

NEW - VEGGIE SUSHI ROLL UP!

Your guests will learn the secrets of creating traditional Japanese Maki, complete with a primer on rice, some knife skills practice, and plenty of opportunity to get creative as they roll their own vegetable sushi with a buffet of market ingredients. They will also make a delicious Japanese cucumber salad to accompany their rolls. We can bring birthday cupcakes along, too. Just ask! (+\$8/guest)

Pricing:

\$850 for up to 8 guests. Each additional student is \$75. Max group size is 12 guests. Our menus are suitable for ages 9-13. For ages 14 and up, please check out our [adult party information](#).

PRIVATE KIDS COOKING CLASSES

Looking for some one-on-one time for your child or family with an expert chef instructor? Book a lesson in the privacy of your home kitchen! Classes can be tailored to cover the topic and menu of your choice, and scheduled to suit your calendar. Browse our list of lesson plans [here](#).
